Foreign National Military Base Camps in White

Map shows Hamilton COVID Regions. Blue zones are infection areas. White Zones are Covid basecamps. The Dundas Valley area is a hotspot for basecamp operations. The poorest neighbourhoods are socially and economically free from covid. It goes deeper than that fuck face! In my personal experience. The sky tends to change colors along with the moon over areas that are lay den with radio wave broadcasts. Inverse pressure waves can render one prone to memory failure instantaneously and seamlessly. Precautions against rapid inductions cannot help most people.

Sudbury man battling one of the most painful diseases in the world. Allergic reaction to Ghost Food. Probably coins.

Metals are easy to get a hold of. In fact, the Movie UHF warned the entire world that more poor overweight and near death seniors would be embracing the penny as a way to wake up to the ghost world. Aliens have kids and your Hollywood movies suck, and so does most your culture and humour. Who can blame them? Remember that next time your doppler, wifi heat map radar systems fail. Reach for Vertical, TINT and Horizontal radar systems instead. FUCK THAT. WALMART HAS QUANTUM RADAR READY OFF THE SHELF.

WILL ALIENS DIE DURING NUCLEAR WAR?

ANSWER: NO

Extreme barostatic and electromagnetic differences over countless eons rendered alien life differently. They are invisible, and they communicate through neuronetwork manipulation, in similar ways that one might experience when exposed to radio or microwave extremities. Advanced warning gives them more than enough time to climb over or into the ground fast enough to avoid the electromagnetic pulse and thermo baric effects. Mind you, all aliens are created differently. One planetary evolution brings a multitude to species. Species = Special, and that's you! Some aliens however are idealist environmentalists. So.

Life Saved by Plasma Acceleration

This little person should be oozing blood by the bucket, however some kind alien came along and in the blink of an eye, accelerated plasmatic ionic fields with such velocity and pressure that the blood coagulated and cauterizing occurred to stem blood flow before they bled to death.

BHUDDIST RANK FILE AND ORDER

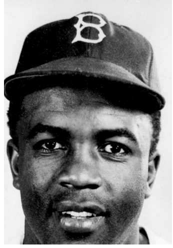
Ancient alien military troops have one strange way of specializing thier forces. They rip the eyes out of some so they can no longer see no evil and they rip out the tongues of those so they can say no evil and they rip the limbs from those who can do no evil. All with the promise that they will achieve immortality every so much as them. Hallelujah, praise the lord god Bhudda and all his start up alien syndicates.

BLACK LIVES THAT MATTERED

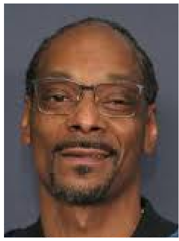
Meet Whitakker! His eye was slowly glued to his brain with potato starch glue by sistas who think it’s funneh! Officially suffering from PTOSIS. Secretly suffering from hypnotists and naked hollow people.

Meet Cosby! A career that tought black people they could be anything they want, including doctors. As soon as that eye dislodged and his brain health went into tht toilet the people at large decided to throw this nasty rapist into jail.

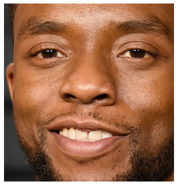
Meet Michelle! Former whitehouse lady to the president Obama, this wonder person found her eye dangling to the left as her daughters dated what the media described as questionable or undesirable types. Look what the cat dragged in!



Robot chickens have never had more proof than this. Although most people are declared legally blind when eyes can no longer focus, others are loaded with hypnotiques and heavy metals until they do funky chicken for crime gambling syndicates around the world! Meet roger whitaker (towards the end of his career). Maybe he shouldn’t look so italian, eh?



Meet Snoop Dog! Once the greatest rap singer to all time! Investing in countless people worth businesses from shore to shore! Now inflicted with invisible laser beam syndrome! I don’t know what to say other than maybe America is under siege again. Before you get in a huff, white people are suffering too, and in China ½ billion are nearsighted.



Shove it up your ass homeboy! This Hollywood millionaire died with colon cancer. A condition that occurs when communists decide that your royalty and the “man” is sticking it to you. Comedy gold! Meet Chadwick Boseman. Black Panther star.

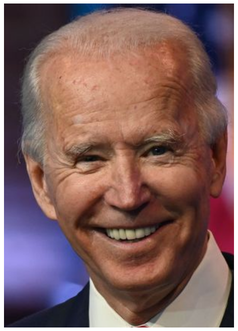
TRADITIONAL CHINESE MEDICINE



CHINESE TRADITIONAL MEDICINE IS SIMPLE. THIS MAN IS SUFFERING FROM AGING. HIS FOREHEAD WRINKLES TO EXPRESS SUBTLE PAIN AND DISCOMFORT. HIS LEFT EYE IS IN DANGEROUS PERIL AS IT BULGES FROM HIS HEAD. HEAVY METAL INTOXICATIONS INCLUDING OTHER NANO PARTICLE STUFFS HAS BALDED HIM AND LEFT HIM WITH GREY OXIDIZED AND HYDROGENATED HAIR. DO WE REALLY NEED TO FILL IN MORE TEXT FOR JOE BIDEN? I MEAN THIS COULD BE THE LAST THING YOU OR I EVER HEAR ABOUT THAT GREAT DEAD ZOMBIE AMERICAN PRESIDENCY.

2023 is AROUND THE CORNER

Most people on the “other side” are fast, really really fast. The sacrifices they’ve made leaving them neuro deficient and morally different. They could be aliens, tree huggers, jews, nazis, niggers, rich, it doesn’t matter. They’re all in the process to killing each other. Covid is the latest attempt to stop the carnage. Whales grow tonnes and live past 200 and their bodies can still take it. This ghost food experiment died from Ancestry associations “probably”.

Fuck Tesla! No I mean fuck tesla! Cause all it takes is one director's lousy misguided opinion on how the world should combine two of the greatest people in the same persona to make yet another jim morrison fiasco all over again!

Born with Epilepsy, this brother told his own mother that he wasn’t going down like that. His music sucked, his message was fun, and we will forever listen to his music wondering what hell that one eyed wonder was trying to tell everybody. My future's so bright, I gotta wear shades, and eat pounds o’ pain killers for the privatized military start up experiments!

Hey Skipper! I thought Beverly Hills was the place to be, and now I know it took ten million mexican refugees with shadows following them through the forests to finally take out who should have been america’s testament to prostitutes' long lives! But now we can chalk it up to command militaries and pinocchio body shields till the end of time! Thank you Mr. Reporter for playing the game so well!

GAMORA, QUASARS AND KRYPTON

Planets don’t just explode on thier own, and centripetal force didn’t make the asteroid belt. Mars has a geomagnetic field that came from a planet it orbited nearby. Our moon orbits in a cymatic resonance geomagnetic field. Venus used to have our moon. Knocking a moon away won’t cause a planet to explode. Near Space Quasars are entering our view regularly. It’s time to remember that they are the ones that blow shit up. Not you or your revolutionary uprising, or anyone else. It could have been a different alien rather than a quasar. I don’t really care about *those* details.
